

Christian Winterfield
Project Manager
Bayu Undan CCS - Technical
Energy Solutions
Santos

Christian Winterfield is the Project Manager – Bayu Undan CCS at Santos. This project seeks to develop the Timor Leste Bayu Undan gas field into a carbon storage solution for a low emissions hub in Darwin, Northern Australia. Prior to this role Christian established and led the Moomba CCS project which will soon take final investment decision and enter implementation phase. Christian has a multidisciplinary background in the oil and gas industry spanning facilities, projects, production and reservoir engineering. He is a Certified Professional Engineering and holds Bachelor of Mechanical Engineering with Honours, a Bachelor of Arts (Politics) and Master of Petroleum Engineering.

Santos is a leading supplier of natural gas, a fuel for the future providing clean energy to improve the lives of people in Australia and Asia. Santos is already Australia's biggest domestic gas supplier and aims to be a leading Asia-Pacific LNG supplier. For more than 65 years, Santos has been working in partnership with local communities, providing Australian jobs and business opportunities, safely and sustainably developing Australia's natural gas resources, and powering Australian industries and households.
